

Omaha and Lincoln Area Framers

Ford Conservation Center

2021

Framers

Proper matting and framing can help to protect these items from deterioration due to changing relative humidity, light exposure, handling, and other sources of damage. A conservator will be able to advise you the proper materials to use as well as the hanging hardware needed to safely hand your artwork. Ask framers to use museum-quality materials such as acid-free and lignin-free mat board and UV –filtering as appropriate.
